

# Peace of Mind

***"Our commitment to you is that all matters will be settled on time. You are never alone as we will be with you all the way."***

We have been in business for over 15 years and we have not had 1 matter that was delayed that was caused by us.

A meeting is not necessary as this is our online version.

Now, for hypothetical theory "what if a 1 in a million chance that we need to see you in the event that something goes wrong, do you have a physical address?"

Yes we have a physical address. A visit is not necessary. However, for your peace of mind, our address is at **Level 3, 54 Park Road, Cabramatta NSW 2166.**

Another hypothetical theory, "what if we need to sue somebody or we need to defend ourselves, do you have a barrister?"

For the last 15 years, we have had none that needs this service because we are careful in what we do.

We have barristers who are (on a social and professional level) lined up. However, we never had to refer any. We hope we can keep it that way forever.

So you have nothing to worry about as long you REMEMBER to turn on your mobile phone at all times.
